Education

City, State	University Name	Start Date – End Date
<ul style="list-style-type: none">Degree, e.g., B.S. in Computer Science. GPA: [Your GPA]Relevant Coursework: [List courses, e.g., Data Structures, Algorithms, Machine Learning]		

City, State	High School Name	Start Date – End Date
<ul style="list-style-type: none">High School Diploma, [e.g., Science Stream]: [Percentage or GPA]		

Experience

Job Title Link	Company Name	Start Date – End Date
<ul style="list-style-type: none">Describe key responsibility or achievement, e.g., Developed a web application improving user engagement by X% using specific technologies.Another achievement, e.g., Optimized system performance, reducing latency by X%.		

Job Title Link	Company Name	Start Date – End Date
<ul style="list-style-type: none">Describe key responsibility or achievement, e.g., Built an automated tool that reduced processing time by X%.Another achievement, e.g., Collaborated with a team to deliver a project under tight deadlines.		

Technical Experience

Projects

- Project Name** [Link](#) *Technologies used: [e.g., Python, ReactJS, MongoDB]*
 - [Describe project purpose and impact, e.g., Developed a tool to streamline X process, improving efficiency by X%.]
- Project Name** [Link](#) *Technologies used: [e.g., Java, MySQL, Docker]*
 - [Describe project purpose and impact, e.g., Built a scalable system for Y, handling Z users daily.]

Additional Experience

Role	Organization Name	Start Date – End Date
<ul style="list-style-type: none">Describe responsibility or achievement, e.g., Led a team of X members to organize events, increasing participation by Y%.Another achievement, e.g., Managed technical projects integrating Z technology.		

Languages and Technologies

- Programming Languages:** [e.g., Python, JavaScript, Java]
- Frameworks & Libraries:** [e.g., ReactJS, NodeJS, TensorFlow]
- Databases:** [e.g., MySQL, MongoDB]
- Tools & Platforms:** [e.g., Git, Docker, AWS]
